Glad he did it, but don't call him a top Democrat. We get fired up when the left makes things up. Don't play into their playbook.

Ah, but the readers, and those hearing the message only read and hear what they want the message to say - that's the only way there can be anyone that is still believing there's an obstruction case.

Chris Wallace @FoxNewsSunday threw softballs at @Comey and @AdamSchiff and allowed them to again lie to America.

Two of the most important interviews of our time and he miserably dropped the ball.

That would never have happened w/Ailes at the helm.

Easily done when they don't know or understand our history. That happens when they're not taught correctly. George Washington probably would've looked at Obama As a tyrant. This after fighting a war in cold harsh weather along with many patriots and went on to become 1st President.

As bad as the I.G. Report is for the FBI and others, and it is really bad, remember that IG Horowitz was appointed by Obama. There was tremendous bias and guilt exposed, so obvious, but Horowitz couldn't get himself to say it. Big credibility loss. Obama knew everything!

Get over yourself.

I made clear I wasn't mocking. It is sympathy evoking, and I said so.

But the facts reported by @NewYorker (not me) prove that the ONLY reason Hunter Biden was getting paid was foreign influence peddling.

And @realDonaldTrump was right to inquire.

> **Dana Milbank** @Milbank
> Forget politics for a moment. Forget about impeachment. Matt Gaetz's exploitation and mockery of Hunter Biden's struggle with addiction should make all of us — as parents, as people — ask: Where is his humanity?

95% of the media are multi millionaire elitist snobs who were born with a silver spoon in their mouth. They spend their entire privileged lives in DC or NYC bubbles.

They have no idea how we think, how we live, or what we're made of

DUTY to ask for US-Ukraine investigation

Impeachment is part of Dem cover-up.

Extortion, bribery & money laundering goes beyond Biden's.

Great news!

The little 5 year old boy named Landon, who was thrown off the 3rd floor balcony of the Mall of America, is expected to make a full recovery

The doctors said it was a “miracle” that he suffered no brain damage.

Thank you to everyone who prayed & donated. 🙏🙏😇💯

It's because they give you a choice: plead guilty and take one or two years, or we'll throw so many charges at you that you risk complete destruction of your career, life and family. It's legal blackmail. Even innocent people are likely to plead guilty under those circumstances

It wouldn't surprise me at all if the leftists who complained aren't even religious and don't take Christmas seriously in the first place. They like to ruin things they don't even participate in, so it would make sense.

The new USA Today Poll, just out, has me leading all of the Democrat contenders. That's hard to believe since the Fake News & 3 year Scams and Witch Hunts, as phony as they are, just never seem to end. The American people are smart. They see the great economy, & everything else!

Thought experiment: All else being equal, if Trump were somehow removed from office via impeachment, wouldn't Pence pardon him instantly & wouldn't the party nominate him for 2020?

And if he won, would his constitutional 'clock' on two consecutive terms start over?

Let's be real here. They didn't "shred" the FBI. They demanded the FBI come up with new policies to appease the public, which will undoubtedly be broken again. If the FISC had any shred of the constitution in mind, they'd demand that congress repeal FISA act and disband the court

I'm amazed at how many people aren't paying attention to what's happening in our Nation's capital...

I've received dozens of messages and text's asking if President Trump will be "Impeached"

The answer is yes, but it's meaningless because it will NEVER pass the Senate..

Apparently the Democrats haven't figured out that you have to have 67 votes in the United States Senate to actually impeach a President..

Will we get to see 2016 like tears when the Senate wipes their ass with the Impeachment Sham and sends them to safe spaces?

Good job, not new news. You can trace almost ALL of the Dem party to something shady, alot of the Rep too. bad on all sides, just more and worse to the left.

Yes Puerto Rico is the fault of the WH. Sure!! That's why the FBI raided the offices of San Juan's city government over allegations of fraud related to the disaster cleanup. The investigation is still underway

The great USMCA Trade Deal (Mexico & Canada) has been sitting on Nancy Pelosi's desk for 8 months, she doesn't even know what it says, & today, after passing by a wide margin in the House, Pelosi tried to take credit for it. Labor will vote for Trump. Trade deal is great for USA!

Yeah, and here's a list of the most misogynistic things:

Abortion.
Pornography, prostitution, & promiscuity.
Transgenderism.
Man hating (yep, it hurts women!)

All supported by Democrats.

As 2019 comes to a close, the United States is more prosperous and our Military is more powerful than ever before. Your selfless service, noble sacrifice, and unfailing allegiance to duty and Country is what keeps America safe, strong, proud, and free. Your incredible contributions to our Nation are why I am proud to inform you that I recently signed into law major improvements to the compensation and benefits for Federal Employees as part of the 2020 National Defense Authorization Act. Through hard work and determination, my Administration overcame decades of inaction and gridlock to get this bill to my desk and to deliver these real results for you and your loved ones.

As President, I have been steadfast in my efforts to ensure that the courageous patriots of our Military Forces have the full support of the United States Government. That is why I fought so hard to secure another pay raise this year for our great Troops. Starting January 1, 2020, each service member will see their PAY INCREASE by 3.1 percent—the largest raise for our Military in more than 10 years. While previous administrations allowed Military pay to stagnate, my Administration has secured pay raises for our Troops in each of the past 3 years—every year of my Presidency. This is unprecedented. But when it comes to supporting our heroes in uniform, no measure can ever convey the depth of our gratitude or the extent of our obligation. This new law also continues my Administration's unwavering support for Gold Star Families by repealing the so-called "Widow's Tax," which wrongly prevented certain Military spouses from receiving the full benefits earned by their beloved deceased partners.

Our Country is vibrant, dynamic, thriving, and flourishing. Almost 160 million great Americans are working—more than ever before—the unemployment rate is at a 50-year low, and wages are up substantially for the first time in decades. Our economy is booming and the Stock Market has set more than 130 record highs over the last 3 years. We have rebuilt our Military, which is the unrivaled envy of the world, and we have destroyed the so-called ISIS territorial caliphate—including killing the savage ISIS leader al-Baghdadi, a vile terrorist who had been sought for many years.

I want to thank each of you for your distinguished service this past year, and I am excited about what we will achieve working together for the American people in 2020. Our Country has never been stronger than it is right now—and we are just getting started. May God bless you and your family this holiday season. May God bless our Military. And may God continue to bless the United States of America.

Merry Christmas, and Happy New Year!

Sincerely,

If House Democrats continue to play this game, I can't see what would prevent McConnell and the Senate Republicans from dismissing the articles of impeachment for lack of prosecution. It would take two thirds to convict, but only a simple majority to dismiss

> **Byron York** @ByronYork

> FWIW, in my totally non-expert opinion, I think Tribe is right. It is a plain fact that Trump has been impeached. It's also a plain fact that House Democrats who impeached Trump are now playing some sort of game with impeachment. Unserious.

They have been obstructing him and our agenda from the minute he was sworn in. They have motivated patriots as a result of their hate for him, and their nonstop desire to impeach him. They have failed. Patriots will show up in droves to re-elect him in 2020.

The media needs to report this accurately. They don't want to admit that spike is @realDonaldTrump. Significant wage increases for lower wage Americans.

This is a tough chart for Democrats.

I don't think the Framers ever contemplated somebody who would abuse their powers so blatantly in that he or she would impeach but delay in transmitting the Articles over to the Senate so that the President wouldn't get a chance at a trial in the Senate

Why do Senators spend 20 million dollars to get elected into a $350,000 a year job. You want to know who these people work for? You think it's for you taxpayer?

This is how our government is bought and sold by foreign powers.

Last night I was so proud to have signed the largest Defense Bill ever. The very vital Space Force was created. New planes, ships, missiles, rockets and equipment of every kind, and all made right here in the USA. Additionally, we got Border Wall (being built) funding. Nice!

If the law fails America, we will remove him with our bare hands.

This is a hard time of year for me

I just dropped my kids off + I won't see them for almost two weeks

This is bc I made a terrible uninformed decision when I got divorced

I just wanted the pain to stop so I agreed to a bad schedule

Men going thru divorce GET A LAWYER.

Crazy Nancy wants to dictate terms on the Impeachment Hoax to the Republican Majority Senate, but striped away all Due Process, no lawyers or witnesses, on the Democrat Majority House. The Dems just wish it would all end. Their case is dead, their poll numbers are horrendous!

If conservatives went after the Left like they do trying to one up each other, America wouldn't be in the situation it's in..

It's amazing how these folks come out of the cracks to try to attack those reporting the truth, and working their asses off for the Republic.

3 39 95

Joe @Sparky0426 9m

Yes! Getting stuck on one or two differences instead of the 80%+ of agreed upon positions seems to lead conservatives to lump those with differing views into the enemy category.

It's tribal,intersectional, identity politics. No different than the progressive movement.

My daughter opened the garage to find the bait quad.

She got on it and I told her to ride it into the back yard

This electric atv hardly moved her, but she didn't have a bad reaction

Totally hysterical.

The look of defeat on her face. 🤣

Possible video for later.

If Trump failed to win in a landslide in 2016 then he lost in 2018. I don't see his prospects for a "landslide" in 2020 looking all that bright after he was found to be asking for (or rather extorting) foreign help for himself in the upcoming election

The IG report discloses that John McCain gave FIVE new Steele reports to James Comey that the FBI did not previously possess, showing that McCain served as a conduit for Steele's information to reach the FBI.

Nancy Pelosi's District in California has rapidly become one of the worst anywhere in the U.S. when it come to the homeless & crime. It has gotten so bad, so fast - she has lost total control and, along with her equally incompetent governor, Gavin Newsom, it is a very sad sight!

To summarize. I'll support who I want based on my morals and beliefs, as should everyone else.

But I don't need a herd of people telling me what to do, how to think, or how to act

I lead by example, my work on Seth Rich, Las Vegas, Kavanaugh, Smollett, Al Baghdadi shows that.

To summarize, I'll support who I want based on my morals and beliefs, as should everyone else.

But I don't need a herd of people telling me what to do, how to think, or how to act.

I'll follow that up with every Boycott the left has done has been a disaster

Look at Chick fil A, In N Out Burger, Hobby Lobby etc

Then we were all made to look like Fools at Chick fil A backtracked on their morals and stance

Enough of the Idiocy and Boycott's for me

To summarize, I'll support who I want based on my morals and beliefs, as should everyone else.

But I don't need a herd of people telling me what to do, how to think, or how to act.

Yep. I saw it when she sent it.
Quoting a great Virginian who was beyond outspoken against tyranny while ironically his home state is under siege by a moron of leftist governor. The future of America has a destined place for Ivanka. God already knows this... we will learn soon enough.

offensive, we should probably find the people that wear these and rip them off or maybe just throw drinks on them and then yell lots of hateful things like "there's no way you're a double D!" Too bad Alyssa Milano didn't think of this. $$$$

The Feds get through, and according to the FBI report he makes contact with Wikileaks in late spring, that's in his computer from what they gathered. (This is from Hersh) They found what he had done, he had submitted a series of documents/emails to Wikileaks from the DNC.

According to Hersh, he offered an extensive sample to Wikileaks several dozen documents, and he had a drop box. Eventually Wikileaks gets the password to the drop box. A protective drop box

They got access to the drop box, also in the FBI report according to Seymour Hersh, The word was according to the FBI report, he also shared this box with a couple of friends, so if anything happens to me, you're not going to solve this problem. #HisNameWasSethRich #SethRich

Hersh says that Metro PD. Calls the FBI Washington, Field Office Cyber Unit for assistance. Public Information you get in a warrant does not include the affidavit for why you're going in, that's almost never available Hersh says. #HisNameWasSethRich #SethRich

The Feds get through, and according to the FBI report he makes contact with Wikileaks in late spring, that's in his computer from what they gathered. (This is from Hersh) They found what he had done, he had submitted a series of documents/emails to Wikileaks from the DNC.

The final payment to date is August 3rd, 2016. This coincides with another murder in the District of Columbia. Shawn Lucas, who died on August 2nd of last year, was the DNC Process Server and close friend of Seth Rich.

The payment on August 3rd included two checks, one for $113,645.77 and the other for $4,275.00.

We find it highly coincidental that both of these payments came within 24 hours of two high profile murders in Washington D.C., which both have connection to the DNC.

The first payments made were preemptive measures on May 5th, 2016 when the DNC was looking to figure out where the breach of security was. Payments made on May 5th, 2016 of $7,650.00 and $1,462.50 were likely paid for Crowdstrike to install their Falcon software.

1 35 53

**Matt Couch** @RealMattCouch 21h

Crowdstrike Falcon Software is a stellar technology security suite that would identify any internal or external security breach

1 27 47

**Matt Couch** @RealMattCouch 21h

The final email on WikiLeaks from the DNC is dated May 25th, 2016. Crowdstrike would have had complete knowledge of the party that ripped the emails from the server

1 34 53

**Matt Couch** @RealMattCouch 21h

The next payment that was made to Crowdstrike occurred on July 11th, 2016 for the amount of $98,849.84. The relationship to this date happens to be the day after DNC Data Director of New Voter Registration Seth Rich was murdered. #HisNameWasSethRich #SethRich

There were rumors that Seth Rich had went to the Wonderland Ballroom the night that he was murdered. For quite some time we had wondered if this was true.

In the last month America First Media has confirmed that Seth Rich did indeed go to The Wonderland Ballroom that night.

If Seth Rich went to his Girlfriends house, it was about a 1.8 Mile walk to his home. It's highly likely he could of been in that area, because she only lived 2 blocks from The Wonderland Ballroom

According to the GM of the Wonderland Ballroom, Seth was a regular

But we don't have the body cams for Seth Rich? #SethRich

I mean, losing the body cams in an unsolved murder, normal right? #SethRich

He was shot multiple times in the Torso and murdered in the early hours of Sunday Morning July 10th, 2016.

A log of Rich's phone calls, compiled by the family, accounts for a large chunk of that time — about two hours 15 minutes. But it doesn't explain why he took so long to make a walk home that should have taken about 40 minutes. No it sure doesn't, I'll elaborate on this next.

No additional arrests have been made.

The investigation remains active and is being conducted jointly by the Department of State's Diplomatic Security Service, US Secret Service, and MPD. All three law enforcement agencies are actively sharing information and will remain in contact as the investigation proceeds.

We now know that Seth Rich went to the Wonderland ballroom after leaving Lou's City Bar. We also know that he went to a nearby McDonald's to get food.

We're investigating and have sent letters to the McDonald's for preservation. We'll reveal that location in due time.

So Democrats wouldn't let Republicans call witnesses in the House Impeachment sham, since they controlled the House.. but they are now demanding to call witnesses in the Senate that they don't control..

Just making sure we're all understanding the hypocrisy & idiocy of the Left?

They had the full attention of the United States to be able to call all the witnesses to prove their case. They could only muster a party line vote and absolutely no change in public opinion.

It's too late now to dig up more witnesses. Try impeachment again in 2021

Rich didn't sound alarmed. His girlfriend, according to a person familiar with the events of that night, went to bed thinking there was nothing amiss.

In a September Crime Watch TV Interview Mulka was asked about the call, and she said "I wasn't alarmed" odd choice of words.

The first payments made were preemptive measures on May 5th, 2016 when the DNC was looking to figure out where the breach of security was. Payments made on May 5th, 2016 of $7,650.00 and $1,462.50 were likely paid for Crowdstrike to install their Falcon software.

The Feds get through, and according to the FBI report he makes contact with Wikileaks in late spring, that's in his computer from what they gathered (This is from Hersh) They found what he had done, he had submitted a series of documents/emails to Wikileaks from the DNC.

## According to Hersh, he offered an extensive sample to Wikileaks several dozen documents, and he had a drop box. Eventually Wikileaks gets the password to the drop box. A protective drop box.

I'm not Catholic, but thought it was tradition to kiss the Pope's ring. Also saw the video where he slapped a woman's hand. Not to mention the comments about how America needs to be ruled by a world gov't. What's up with this guy?

What's up? He's no pope but a plant. The pope prior to him supposedly had to step away due to illness. This one stepped in and when he speaks, it's cringe worthy. His eyes look dead too

Both Former DNC Head Donna Brazile, and Washington, D.C. Mayor Muriel Bowser were at the hospital the night that Seth Rich was brought in via ambulance. #SethRich

The Witness, Kristin Oland worked for a Contractor the CIA uses to hire people. She worked for the CIA for close to a decade. If that's not enough, she has a Pilot's license, worked in Navy Intelligence before the CIA, is a Pro MMA Fighter, and oh get this, she's a Vet Tech.

2 36 62

**Matt Couch** @RealMattCouch 29 Dec 2019

Which means she has access to such goodies at Fentanyl. Fentanyl is 50 to 100 times more potent than morphine, but some fentanyl analogues, which are designed to mimic the pharmacological effects of the original drug, may be as much as 10,000 times more potent than morphine

1 32 56

**Matt Couch** @RealMattCouch 29 Dec 2019

Now we know what you're thinking, why are you telling all of this about her Vet Tech job? Well, you should probably look into how Shawn Lucas was found dead in his home 3 weeks after the murder of Seth Rich. That will explain a lot here.

Rich didn't sound alarmed. His girlfriend, according to a person familiar with the events of that night, went to bed thinking there was nothing amiss.

In a September Crime Watch TV Interview Mulka was asked about the call, and she said "I wasn't alarmed" odd choice of words.

President Trump backs our military and our IC community. He authorized the strike.

I watched it. If it was when Jones got tackled. I'm not a specific offense could be called. But it did seem like a personal foul. He did the whole landing on him & pushing down, & Jones neck was twisted in opp direction of body as he pressed down. Glad he's ok.

## #HisNameWasSethRich

But one of Rich's closest friends, Miles Mawby, told the Daily Mail Online that the idea that Rich was the source who gave the leaked DNC documents to Wikileaks was 'absolutely absurd.'

'Never in a million years,' said Mawby, who had known Rich since 2011 and was with him on the Friday evening before he was killed.

'[People are] fanning flames of wild rumors from the internet from conspiracy theorists. It's absolutely absurd. Seth was one of the most dedicated people I've ever met. His day-to-day work ... that got him up in the morning.'

Mawby said Rich was happy with his job at the DNC and supportive of Clinton's presidential campaign.

Today's attack against the U.S. Embassy should not be confused with the legitimate efforts of the Iraqi protestors who have been in the streets since October working for the people of Iraq to end the corruption exported there by the Iranian regime.

No American will mourn Qassem Soleimani's passing. He deserved to be brought to justice for his crimes against American troops and thousands of innocents throughout the region. He supported terror and sowed chaos. None of that negates the fact that this is a hugely escalatory move in an already dangerous region. The Administration's statement says that its goal is to deter future attacks by Iran, but this action almost certainly will have the opposite effect. President Trump just tossed a stick of dynamite into a tinderbox, and he owes the American people an explanation of the strategy and plan to keep safe our troops and embassy personnel, our people and our interests, both here at home and abroad, and our partners throughout the region and beyond. I'm not privy to the intelligence and much remains unknown, but Iran will surely respond. We could be on the brink of a major conflict across the Middle East. I hope the Administration has thought through the second- and third-order consequences of the path they have chosen. But I fear this Administration has not demonstrated at any turn the discipline or long-term vision necessary and the stakes could not be higher.

There were rumors that Seth Rich had went to the Wonderland Ballroom the night that he was murdered. For quite some time we had wondered if this was true.

In the last month America First Media has confirmed that Seth Rich did indeed go to The Wonderland Ballroom that night.

America First Media Group can also confirm that Seth Rich went to a nearby McDonald's after leaving The Wonderland Ballroom. We have requested security video, and have now sent letters not allowing them to destroy video or evidence from that night. #SethRich

We are not revealing the McDonald's that he went to at this time because we have a Evidence Preservation Letter out to the Restaurant. As we can reveal more we will. This is all part of running a proper investigation.

If you ever wondered if the Democrats side with America or Iran, you don't have to wonder anymore.

They no longer care about America or the Heartland. They want to bring America to its knees with Taxes, Socialism, Marxism, and Radical Immigration.

This is a massive response by Trump.

Not good. Maybe they didn't charge well enough. Police cars should double up on batt. for a back up. I am not sure of cradle to grave daily time use on a Tesla battery. But it should be good for a full day, I would think. Definitely checking that out now!

Charge should have lasted approx. 10 ½ hours... maybe they didn't charge it fully.

The holiday season isn't a wonderful time for everyone. People have deep struggles and watching everyone else be happy makes it even worse. Try to remember those of us who can't even make New Year's resolutions cause we don't have anything we can improve upon.

Why would the President of the United States inform Democrats about a Strike our Military Leaders wanted to make?

Dems have literally lied, made up Fake Dossiers, leaked to the media, and Impeached him over hurt feelings.

Now they want to work with him?? Since when??

Seymour Hersh after stating that Seth Rich was murdered as part of a Brennan CIA hit, of course has nothing to say on the case now. He was caught talking about his knowledge of the case. He mentions his sources at the FBI as well, and mentions how good they are on audio.

Sy Hersh also mentions that they got a warrant to get his laptops and devices. Now why would they do that and use the Cyber Unit in D.C. to view his laptop? Hersh then says they called the FBI's Cyber Unit for assistance.

Hersh says that Metro PD Calls the FBI Washington, Field Office Cyber Unit for assistance. Public Information you get in a warrant does not include the affidavit for why you're going in, that's almost never available Hersh says.

The Feds get through, and according to the FBI report he makes contact with Wikileaks in late spring, that's in his computer from what they gathered. (This is from Hersh) They found what he had done, he had submitted a series of documents/emails to Wikileaks from the DNC.

**Matt Couch** @RealMattCouch 29 Dec 2019
According to Hersh, he offered an extensive sample to Wikileaks several dozen documents, and he had a drop box. Eventually Wikileaks gets the password to the drop box. A protective drop box

We have the body cams from Parkland, Florida in the Broward County School Shooting where the police were even negligent and complicit in ways.

But we don't have the body cams for Seth Rich? #SethRich

Liz Lyons, the Privacy Officer for Washington, D.C. Metropolitan Police says that the body cams were either not relevant, or misplaced..

That seems awfully convenient doesn't it Patriots?

I mean, losing the body cams in an unsolved murder, normal right? #SethRich

You know, more normal stuff America, nothing to see here. Just us Conspiracy Theorists hanging out and trying to solve an unsolved murder. #SethRich

It's a good thing people like these ISIS fighters could never cross our impenetrable border walls and defenses. They probably will never even try one day (probably). Our Democrat overlords would welcome them with open arms as new potential voters

It seems as if NO ONE wants to talk about this.

If this was your friend, your colleague, your loved one... Would you accept this ridiculous ideology of a botched robbery?

Our Investigators and LEO's have never heard of such insanity in more than 100+ years of experience.

Actually it is. You see, in the upside down world of progressives, 4 Americans dead including an Ambassador, is a necessary sacrifice. Protecting an American Embassy and killing/capturing at least 4 terrorists is reckless. This was a direct inverse of Benghazi.

Seymour Hersh after stating that Seth Rich was murdered as part of a Brennan CIA hit, of course has nothing to say on the case now. He was caught talking about his knowledge of the case. He mentions his sources at the FBI as well, and mentions how good they are on audio.

In late June of 2017 America First Media after talking to family members of Seth Rich would uncover that he and girlfriend Kelsey Mulka were in fact broken up at the time of the murder.

We have text messages, and email documents to prove this, but will not dox his family.

So this is all that they will reveal on who Seth Rich was on the phone with the night he was murdered, which is highly important btw.

Rich placed at least five calls and received two incoming calls, according to the log. The first three were placed before closing time

1 5 14

Matt Couch @RealMattCouch · 29 Dec 2019

Two to his father, who'd gone to bed early and didn't hear the ring, and one to a friend; they lasted only a minute

Rich seems to have been on the phone with another friend, who had called him, when the bar closed. That 12-minute call ended at 1:33

Of course none named

1 6 12

**Matt Couch**
@RealMattCouch

Follow

At 2:05, he called his girlfriend, who was in her home state of Michigan. They spoke for 89 minutes. Then the call dropped. A few minutes later, he called her again, and they spoke for 43 more minutes.

This would make the timeline almost perfect, now wouldn't it? #SethRich

Well if McCabe said there was no "there there" why wouldn't everyone believe that? Yeah, it pretty much means the opposite. I hope the Justice department investigation will also shine some light on this. It's like the Biden's corruption has been "debunked" We know better

In August of 2017 America First Media would be put in touch with Dallas Multi Millionaire Financial Mogul Ed Butowsky, who was one of our many sources in this Investigation. Butowsky paid for the Private Investigator Rod Wheeler for the Rich Family. #SethRich

Ed Butowsky would tell multiple members of America First Media that the parents of Seth Rich, Joel and Mary told him that they "knew what their boys did" and that they didn't care, they wanted to know who murdered their son. #HisNameWasSethRich

Ed Butowsky also told America First Media Group that money went into Aaron Rich's bank account via Wikileaks. He was our source on this back in August of 2017. He also said that Aaron and Seth were involved and worked together on the leaking of documents to Wikileaks.

America First Media Group has documentation, recordings, phone records, etc. That will show when we first started talking to Ed Butowsky in regards to the Seth Rich Investigation. We did not start talking to Butowsky in May as Arron Rich's Legal Counsel has claimed.

We believe to this day, and still do believe to this day that Ed Butowsky is a highly successful and credible businessman and media contributor. Ed has worked for the likes of Breitbart and Fox News, among others. We do not believe he is lying about anything he has stated.

We believe to this day, and still do believe to this day that Ed Butowsky is a highly successful and credible businessman and media contributor. Ed has worked for the likes of Breitbart and Fox News, among others. We do not believe he is lying about anything he has stated.

We never released Ed Butowsky as our source until he did one on one interview with The Gateway Pundit and others. We have substantial evidence going back to August of 2017 that will prove and show he was our source, as it's the same info we've been saying for over a year.

We find it highly coincidental that both of the payments came within 24 hours of two high profile murders in Washington D.C., which both have connection to the DNC.

During the 2016 Presidential Election the biggest story became how Russia "hacked" the election. The "17 Intelligence agencies" that Hillary Rodham Clinton cited all relied on word from a contracted company, Crowdstrike.

If Seth Rich had of walked home from Lou's City Bar, it would have been about a 1.7 Mile walk.

The best route to take would have been walking right by MedStar Hospital as well.

We walked it during the day, and late at night.

A log of Rich's phone calls, compiled by the family, accounts for a large chunk of that time — about two hours 15 minutes. But it doesn't explain why he took so long to make a walk home that should have taken about 40 minutes... No it sure doesn't, I'll elaborate on this next..

Notice this line "A log of Rich's phone calls, compiled by the family"

This means that they will not give you the phone records. Now why is that?

Why will they not release the phone records? If our team is full of conspiracy theorists, just release them, prove me wrong!

48 hours after his murder, Hillary Clinton would mention the name Seth Rich on the campaign trail

That should be enough to send shivers down the spine of anyone with a working and functional brain.

So this is all that they will reveal on who Seth Rich was on the phone with the night he was murdered, which is highly important btw.

Rich placed at least five calls and received two incoming calls, according to the log. The first three were placed before closing time

Two to his father, who'd gone to bed early and didn't hear the ring, and one to a friend; they lasted only a minute.

Rich seems to have been on the phone with another friend, who had called him, when the bar closed. That 12-minute call ended at 1:33.

Of course none named

1 6 12

**Matt Couch** @RealMattCouch 29 Dec 2019

At 2:05, he called his girlfriend, who was in her home state of Michigan. They spoke for 89 minutes. Then the call dropped. A few minutes later, he called her again, and they spoke for 43 more minutes

This would make the timeline almost perfect, now wouldn't it? #SethRich

Deputy Director, Combined Joint Operations Baghdad
Iraq Ministry of Defense

Your Excellency

Sir, in due deference to the sovereignty of the Republic of Iraq, and as requested by the Iraqi Parliament and the Prime Minister, CJTF-OIR will be repositioning forces over the course of the coming days and weeks to prepare for onward movement.

In order to conduct this task, Coalition Forces are required to take certain measures to ensure that the movement out of Iraq is conducted in a safe and efficient manner.

During this time, there will be an increase in helicopter travel in and around the International Zone (IZ) of Baghdad. This increased traffic will include CH-47, UH-60, and AH-64 security escort helicopters.

Coalition Forces will take appropriate measures to minimize and mitigate the disturbance to the public. In addition, we will conduct these operations during hours of darkness to help alleviate any perception that we may be bringing more Coalition Forces into the IZ.

As we begin implementing this next phase of operations, I want to reiterate the value of our friendship and partnership. We respect your sovereign decision to order our departure.

Very Respectfully

WILLIAM H. SEELY III

This is not right, there is no way anyone should have access to thoughts, this is like brain hacking.

I do nit agree with what happened but this is wrong.

we should not be cheering this decision. I don't think people understand the implications of our gov. being allowed to get access to the enormous data points that Google collects on it's user. They will be able to reconstruct everything about this man's life from this data

Just like the Body Cams in the Seth Rich Murder, and the Video from the Flagler Market..
